Installation guide

LG

Installation guide for LG WebOS 2 & 3

Step 1
Turn on the screen and connect to the internet

Step 2
Hold the settings button on the remote until a grey bubble appears. Click on 8080 and OK

Step 3
Go to this URL to download the needed software

Step 4
Choose the following settings:
• Fully Qualified Domain -> ON
• Application Launch Mode -> LOCAL
• Launch Application Upgrade -> REMOTE
• Application Type -> IPK
• Local Application Upgrade -> REMOTE

Step 5
Restart your screen after the installation finishes

Step 6
Your activation code should now appear on the screen and you can insert it in AdFloow
